

COMMUNITY REVITALIZATION

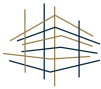

DSW's priority is to replenish the housing stock by building affordable housing accessible to low-to-moderate-income families.

Affordable Housing Goals:

Housing that's within reach, today and for future generations.

Three housing goals to ensure greater housing opportunities for everyone.

- 1 Create strong, sustainable, inclusive communities and quality, affordable homes for all.
- 2 Reduce disparities in access to important community assets such as quality schools, job centers, and transit.
- 3 Strengthen the housing market to bolster the economy, protect consumers, and utilize housing as a platform for improving the quality of life.

DSW proposes affordable housing plans that support all three fair housing goals.
