

THE CITY OF

TEXAS CITY

MATTHEW T. DOYLE
Mayor

OFFICE OF THE MAYOR

October 18, 2012

DSW Homes LLC
1021 61st Street
Suite 200, Bldg. B
Galveston TX 77551

Gentlemen:

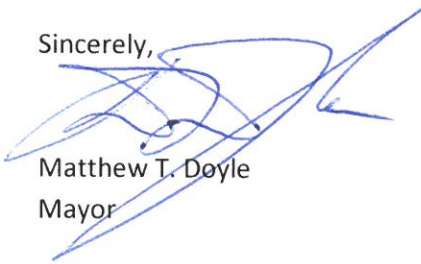

As Mayor of Texas City, I have had the opportunity to talk with several customers of DSW Homes. I have heard nothing but wonderful reports on the timeliness and quality of workmanship they exhibit. They have been known to go above and beyond in their efforts to accommodate low income or elderly homeowners, sometimes driving them to construction appointments or paying rent when they are unable to afford their own.

I have personally witnessed the speed and quality of their work and would gladly recommend them to any municipality looking for a dependable and experienced contractor to work within a CDBG Federally funded program.

In addition to being a valuable asset to government building programs, DSW Homes contributes to the Community as well. They give back to the community through varied philanthropic activities. For example, when DSW Homes was approached in regard to repairing a historical landmark, The Bell House, which was the only surviving house of the first black settlement in Texas, they immediately volunteered to restore the exterior of the home. When funding was still unavailable for the completion of the interior, DSW Homes contributed the necessary funds and work to fully restore this valuable landmark to Texas City.

In conclusion, I would be pleased to recommend DSW Homes, LLC as a contractor to any Disaster Recovery or Government building Program. Please call me with any questions or concerns:

Sincerely,

Matthew T. Doyle
Mayor
