1021 61st Street – Suite B 200
Galveston, TX 77551-1088

Dear Mr. Mataro:

Strong community leadership reinforces every aspect of this department's **Protect With Respect** initiative bringing the law enforcement sector and the public into a cooperative effort for the benefit of our coastal residents, business owners and visitors. We recognize the time, experience and effort you have shared to improve standards of daily life through continued support and service.

It is important to work together and the generous contribution to TAPS is at the center of the Galveston Police Department's Special Operations outreach mission to improve the lives of local at-risk youth. Contact with our professional and highly-trained officers will integrate them into an arena where they can learn a skill-set to better manage their activities and conduct and produce a positive outlook for the future.

Thank you again for joining with us to make a difference.

Respectfully,

Henry S. Porretto
Chief of Police
